

Microrite, Inc. brings you this unique learning experience in Facility Water Management; Part of Microrite's step-by-step webinar series.

Facility Water Management

Water processing, use, validation, re-use, heating/cooling, storage, distribution, and disposal constitute one of the most important and expensive aspects of pharmaceutical manufacturing. Why not consider a master planning document for your facility? Master planning is very much a requirement for validation and cGMP compliance. A planned and coordinated approach to water use and water processing for a new facility has significant benefits, and very attractive capital investment and operational savings.

The advantages of a master plan would be for documentation of all the water systems in a facility, for multi-facility companies, as well as standardization of designs, methods, and procedures. This plan must include every user in the facility including manufacturing, heating, boilers, closed loop cooling, cooling towers, and potable water requirements, etc. The advantage of such an approach would be an integration of all users and planning for effective usage and reductions of chemicals and waste.

The plan should be the combined efforts of the maintenance and engineering departments with the approval of quality assurance.

When?

November 14th, 2017

1:30pm to 3:30pm

Eastern Standard Time

Which industries does this webinar apply to?

Pharmaceuticals, Biotechnology, Medical Device, Cosmetics, and In Vitro Diagnostics

Who will benefit?

Water System Operators, System Designers, Pharmaceutical Engineering Firms, Regulatory Affairs Personnel, QA and QC Scientists, Manufacturing Engineers, Product Formulation Scientists, and Validation Engineers.

REGISTRATION FORM

Facility Water Management

Personal Information of One Registrant	
Last Name: Mr. Ms. Dr.	First Name:
Job Title:	Organization:
Mailing Address:	
Telephone:	
Email:	
Fee: (see fee structure below, all costs are per attendee)	
<input type="radio"/> 1 attendee \$225	
<input type="radio"/> 2-5 attendees \$180 (per attendee)(20% Discount)	
<input type="radio"/> 6-10 attendees \$153 (per attendee)(32% Discount)	
<input type="radio"/> 11 or more attendees \$135 (per attendee)(40% Discount)	
Method of Payment: Credit Card and Check payments only. Attendees can register and make payments on Microrite’s website: www.microrite.com or complete this form and fax to 408-445-1236. Check payments must be cleared before the webinar date. If you have any questions regarding payment methods feel free to contact Microrite at 408-445-0507 or send your enquiry to webinars@microrite.com.	
Confirmation of registration will be sent via email. For credit card payment on website, a payment receipt will be considered as confirmation of registration. For credit card information faxed to Microrite an email confirmation will be sent with a copy of payment receipt. Please call 408-445-0507 in due time if confirmation is not received after payment. Webinar cancellation must be received 3 business days prior to the webinar less a 10% service fee, cancellation requests will be accepted via email only. All refund requests must be made by the organizations primary contact or credit card holder. Refunds will be credited to the original credit card used to purchase the webinar.
